PROFESSIONAL SUMMARY

Detail-oriented IT Infrastructure & Network Engineer trained as a Diploma Apprentice at Bharat Electronics Limited (BEL). Hands-on with desktop / network support, LAN/WAN, Cisco router & switch configuration, Windows & Linux system administration, Active Directory, CCTV and ticketing tools. Strong fundamentals in TCP/IP, DNS, DHCP, VLAN, network monitoring and cloud basics (AWS/Azure). Seeking IT Support, Desktop Support, Network Technician, System Administrator, NOC or Cloud Support roles.

TECHNICAL SKILLS

Networking:	LAN/WAN, TCP/IP, DNS, DHCP, NAT, VLAN, Subnetting, Cisco Router & Switch, Firewall basics, VPN, Network Security, PRTG / Nagios / SolarWinds monitoring
IT Support:	Desktop / Laptop hardware & software troubleshooting, Windows 10/11 installation, MS Office / O365, Outlook, remote support (AnyDesk, TeamViewer, RDP), printers & peripherals, ticketing (ServiceNow, Jira, Freshservice)
System Administration:	Windows Server, Active Directory, Group Policy, User & Permission management, Linux basics (Ubuntu / CentOS), shell, patch management, backup, antivirus, endpoint security
Cloud & Tools:	AWS & Azure fundamentals, ITIL Foundations (Incident / Change Mgmt), CCTV & NVR integration, Cisco Packet Tracer, VirtualBox, Hyper-V, Git

PROFESSIONAL EXPERIENCE

Diploma Apprentice - IT & Network Support

Aug 2023 - Aug 2024

Bharat Electronics Limited (BEL)

India

- Provided L1 / L2 desktop and network support to 100+ end users; resolved hardware, software and connectivity tickets within SLA.
- Installed and configured Windows 10/11 workstations: OS imaging, drivers, MS Office / O365, antivirus and user account setup.
- Troubleshoot LAN connectivity issues - switches, structured cabling, IP addressing, DNS and DHCP - to restore network access quickly.
- Assisted senior engineers in Cisco router/switch and VLAN configuration, and basic network monitoring for uninterrupted operations.
- Supported CCTV / IP camera integration: NVR setup, recording schedules and remote viewing across the internal network.
- Logged, tracked and closed incidents using ticketing workflow; documented troubleshooting steps and SOPs for the support team.

KEY PROJECTS

Small Office LAN & VLAN Segmentation *(Cisco IOS, VLAN, DHCP, TCP/IP, Subnetting)*

Configured a 25-user office LAN with Cisco switches, VLANs per department, DHCP scopes and basic ACL security on the gateway router.

Windows Server Active Directory Lab *(Windows Server, Active Directory, Group Policy, Hyper-V)*

Built a multi-VM lab with Windows Server 2022, Domain Controller, Active Directory, Group Policy, file/print sharing and RDP support.

Network Monitoring & CCTV Integration *(PRTG, Nagios, SNMP, CCTV, NVR, VPN)*

Deployed PRTG / Nagios monitoring with SNMP, email alerts and uptime dashboards; integrated 16-channel IP CCTV with NVR and VPN access.

EDUCATION

B.Tech in Electronics & Communication Engineering

Subharti University

2024 - Ongoing

Diploma in Computer Science & Engineering

BTEUP

2021 - 2024

CERTIFICATIONS

- Cisco CCNA (Routing & Switching) - Cisco Networking Academy
- CompTIA A+ / Network+ Fundamentals - Self-Study
- AWS Cloud Practitioner Essentials - AWS Skill Builder
- Microsoft Windows Server & Active Directory Basics - Microsoft Learn

Languages: English (Professional) | Hindi (Native)

Strengths: Troubleshooting & root-cause analysis | Customer-focused communication | Quick learner | Reliable in shift / NOC environments
